

Dear clients,

Because of the ongoing health crisis, which prevents us from opening most of our services (bar, restaurant, swimming pools, activities), **we have decided to officially open the campsite on May 1st this year.**

We hope that by that date, we will be able to propose all our services when we welcome you.

If, despite these restrictions, you would like to stay with us **beginning in the month of April**, you are welcome to stay at one of our Cottage Privilège accommodations, in a house, or on a camping pitch. Moreover, we will apply an **exceptional discount of 20% off the regular price.**

We will be delighted to receive you during this period, but we must observe **some obligatory restrictions:**

In April, we will be unable to:

- Open our swimming pools
- Open the restaurant, bar or convenience store
- Provide activities

In observance of the social distancing measures in effect, you will be able to fully enjoy your spacious accommodation and the tranquillity of the Le Paradis campsite, as well as the outdoor activities and sports of our magnificent region. To learn more about the many villages of the Périgord, here is the list of activities and tours that you may enjoy here during this period: <https://bit.ly/2PMrTzg>

We will make every effort to make your stay as delightful as possible, and we look forward to welcoming you in the coming months.

See you very soon!
